FICTIONAL DEMO

THE PROMPT

Help me register this sub-account for A2P 10DLC, the brand and the campaign. My legal business name, exactly as on my EIN letter: Ridgeline Demo Heating & Air LLC. Do I have an EIN: yes. Business address, as on the letter: 1200 Example Ave, Charlotte, NC 28203. Business email on my own domain: service@ridgeline-demo.example. Website (my main site): https://ridgeline-demo.example. Privacy policy: https://ridgeline-demo.example/privacy-policy.html. Terms: none yet. Opt-in: HighLevel's chat widget (Chat Widget Setup); I will install the widget code on my site before I approve. What my texts are about and who gets them: appointment confirmations and reminders, technician on-the-way notices, service follow-ups, and a seasonal tune-up offer, maybe 2 a month, to homeowners who book service or ask for a quote. Use my Business Profile for anything else and ask me only what you cannot find. Show me every answer first. Do not save or submit anything until I say approve.
